

## Sign Up for TVCC Alerts

Sign up today for real-time info about campus closures, extreme weather, and other emergencies—sent via text and email directly to your mobile phone via our new text messaging service.

Treasure Valley Community College has partnered with Rave Mobile to provide emergency messaging and alerts on college closings, delays and other important notifications.

In case of emergency, TVCC sends emergency alerts to anyone with a College-provided e-mail account. In addition, TVCC has a system (TVCC-Alert) to rapidly communicate with students, faculty, and staff by sending a voice message and/or instant text message to home and cell phones. While the system is active and ready for use, it is only as good as the contact information it contains.

This is where we need your help!

In order to send you emergency text messages and voice mail alerts, you must provide cell phone information. Please login to the TVCC Alert System and update your contact information. The information you supply is confidential and will not be shared off campus. We will contact you through the system in the event of an emergency.

This system allows you to choose to receive emergency notifications from Treasure Valley Community College to your email address, cell phone, or text messages. In addition, you have the option of signing up for other notification such as weather related notifications, (college closings), traffic problems around the campus and event changes.
