| History (World) | 4 | 6 | Hist 101,102 |

The College Entrance Examination Board Advance Placement Program allows high school students to earn college credit for high school work. Students usually take a high school honors course to prepare for the national Advanced Placement (AP) Exam each May. Advanced placement exams are offered in a number of academic disciplines. Credit for these exams is granted under the following conditions:

A maximum of 12 AP credits may be earned in a specific subject area.

A maximum of 24 AP credits may be applied toward a TVCC certificate.

A maximum of 45 AP credits may be applied toward a TVCC degree.

AP credit is awarded as recommended by the American Council of Education (ACE) guidelines.

AP credit is not graded and will not affect the GPA.

A student must earn credit at TVCC before AP credit will be awarded.

For additional information, contact the Registrar's office at 541-881-5805.
