The Associate of Science (AS) degree is a planned sequence of courses designed to meet lower division requirements in specific programs at receiving institution. This program is designed to transfer to Boise State University. **Students that complete this degree are considered to be Idaho Core certified (i.e. completed all Foundational Classes required by BSU).**

Students should develop an education plan, working closely with their TVCC advisor, as well as, an advisor at BSU or other transfer college. This degree is also excellent preparation for transfer to many private and out-of-state colleges and universities.

Students must complete the minimum number of (90) quarter credits listed. These are courses numbered 100 or above. They must be completed with a grade point average of at least 2.0 in order to graduate with an AS degree.

Students must also earn a grade of “C-” or better in each foundation skills course.

Note: Foundation skills courses include Writing, Math and Speech

- An application for graduation must be filled out two terms in advance of final term.

- **Recommended Electives**

- CIS 103 – Scaling Networks (Requires completion of CIS 102)
- CS 240 – Server Operating Systems 1 (4 credits)
- CS 241 – Server Operating Systems 2 (4 credits)
- CS 242 – Server Operating Systems 3 (4 credits)
- BA 204 – Team Dynamics (3 credits)
- CS 160 – Orientation to Programming (4 credits)
