<b>Spring:</b>			
AG 201 – Current Issues in Agriculture	2		
<b>Total Credits:</b>	<b>(91)</b>		

The Associate of Science (AS) degree is a planned sequence of courses designed to meet lower division requirements in specific programs at receiving institutions in Oregon, Idaho and Montana. Completion of this degree does not guarantee that all lower division requirements have been met.

Students are advised to plan well in advance of transfer for specific prerequisite and pre-major course requirements. Students should develop an education plan, working closely with their TVCC advisor, as well as, an advisor at the four-year college or university selected for transfer. This degree is also excellent preparation for transfer to many private and out-of-state colleges and universities.

Students must complete the minimum number of quarter credits listed. These are courses numbered 100 or above. They must be completed with a grade point average of at least 2.0 in order to graduate with an AS degree.

Students must also earn a grade of “C-” or better in each foundation skills course.

**Note:** Foundation skills courses include Writing, Math and Speech

- An application for graduation must be filled out two terms in advance of final term.
- Recommended Electives  
GEOG 265 – GIS I (4 credits)  
AREC 281 – Global Agriculture Markets (3 credits)

Talk with your advisor about other electives to meet your program needs.
