TREASURE VALLEY COMMUNITY COLLEGE

AVIATION SAFETY MANAGEMENT SYSTEMS (16 credits)

The Aviation Safety Management Systems CPCC is designed for students wishing to enter the workforce by providing aviation related training. As well as preparing the student for the first step to becoming a professional fixed-wing or helicopter pilot, the successful completion of the ASMS certificate provides training for students who wish to seek work at airports in ground support, aircraft servicing and maintenance, or other entry level aviation jobs. Students employed by Federal Government agencies, may meet the standards for certification as a Federal Aviation Safety Officer by completing the Pathway Certificate.

The Career Pathways Certificate of Completion is awarded to students fulfilling the following requirements.

AV 120	Intro to Safety Management Systems	4
AV 121	Risk Management	3
AV 122	ASMS Quality Assurance	3
AV 123	Aviation Business & Legal Aspects	3
AV 124	Aviation Human Factors (AHF)	3
TOTAL		16

All courses required for the Aviation Safety Management Systems Career Pathway Certificate of Completion (CPCC) are included in the Aviation Technology Associate of Applied Science degree. Students seeking ONLY a CPCC may not be able to utilize financial aid.
